

Memorandum

CITY OF DALLAS

DATE January 21, 2022

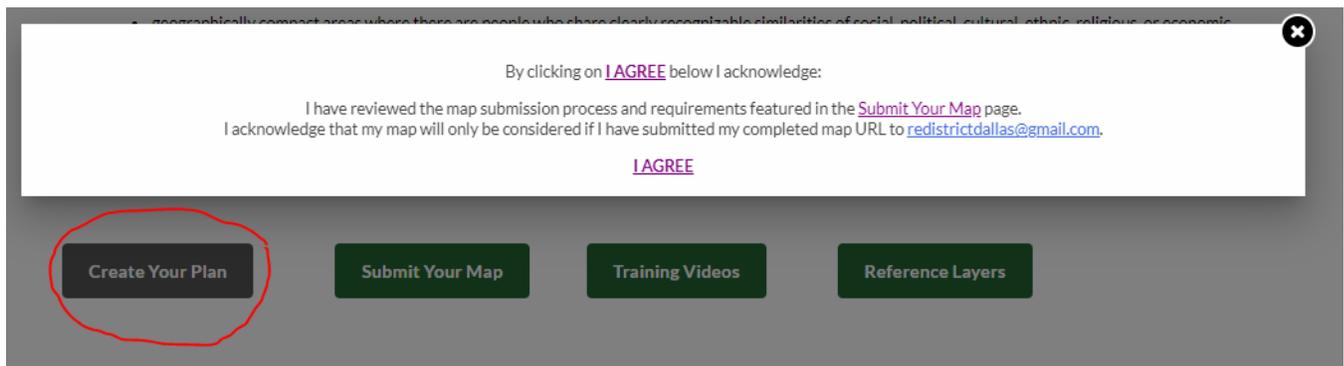

TO Honorable Chair and Members of the Redistricting Commission

SUBJECT **Map Submittal and Map Overlays**

This memo serves as follow-up to issues raised during the January 10th Commission meeting regarding the map submittal process and map overlays. ARCBridge Consulting, Inc. has made the following updates:

Map Submittals

- Once an individual clicks on *Create Your Plan*, an acknowledgement pop-up box appears that requires them to agree, before moving forward, that they have reviewed the map submission process and that they must submit their map URL to redistrictdallas@gmail.com.

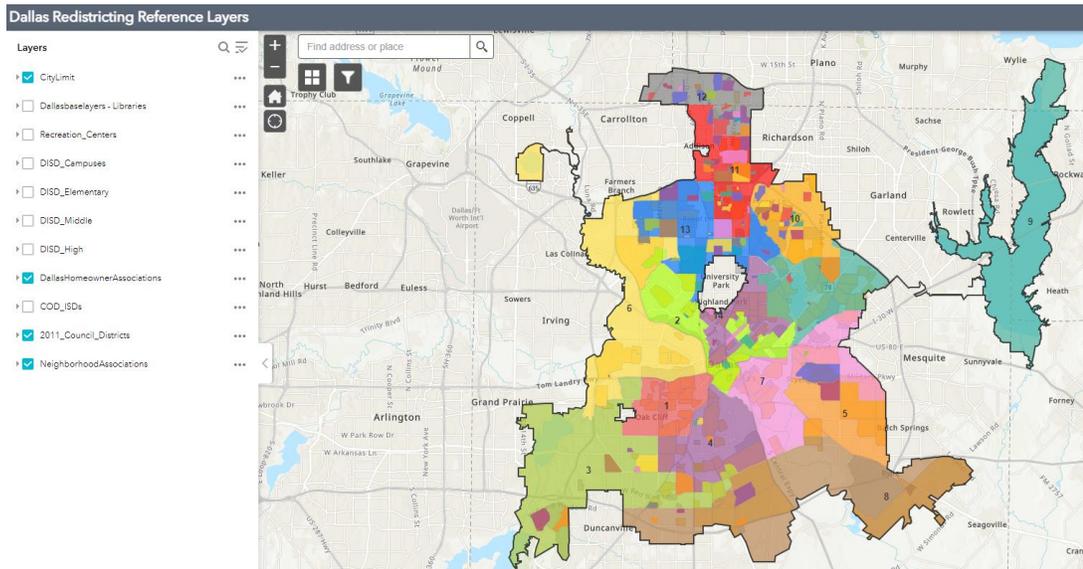

Note there are other disclaimers already on the website, informing individuals that they must submit their maps to redistrictdallas@gmail.com to be considered.

Map Overlays

- A *Reference Layers* button was added to the *Create Your Plan* page, allowing for individuals to refer to the map overlays when creating a map.

- Additional neighborhood associations have been added to the overlays.

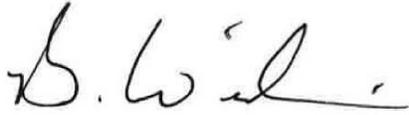

- Numerous school districts overlap parts of the City of Dallas, these include:
 - Carrollton-Farmers Branch Independent School District
 - Cedar Hill Independent School District
 - Community Independent School District
 - Coppell Independent School District
 - Dallas Independent School District
 - Duncanville Independent School District
 - Forney Independent School District
 - Garland Independent School District
 - Grand Prairie Independent School District
 - Highland Park Independent School District
 - Irving Independent School District
 - Lancaster Independent School District
 - Lewisville Independent School District
 - Mesquite Independent School District
 - Plano Independent School District
 - Richardson Independent School District
 - Rockwall Independent School District
 - Sunnyvale Independent School District
 - Wylie Independent School District

We've contacted the school districts to request their overlays and we'll include their boundaries as they become available to us. Additionally, we have added the attendance zones for DISD, which shows zones for elementary, middle, and high schools.

Respectfully,

DATE January 21, 2022

SUBJECT **Map Submittal and Map Overlays**

A handwritten signature in black ink, appearing to read "B. Wilkinson". The signature is fluid and cursive, with a long horizontal stroke at the end.

Brett Wilkinson
Government Affairs Director
